1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

2. (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
3. Claims 14-19 are rejected under 35 U.S.C. 102(b) as being fully anticipated by Whitmire et al.

Note figure 3 of Whitmire et al where a microprocessor senses a condition and outputs a signal that is positive, negative or otherwise to a display device. The display device is an antiparallel multicolored LED 150 or 114. Elements 96, 98 form an optocoupler. Claim 14 positively claims three elements, an input terminal, a supply terminal and light-emitting semiconductor elements connected in antiparallel. The light-emitting semiconductor element 150 of Whitmire et al is connected to two terminals P1 and P2 of a microprocessor. The limitations of claims 15-19 are inherent in Whitmire et al. In the case where one of the diodes is on and the other is off the diodes will differ in color or in intensity or in color and intensity. Elements 96 and 98 of Whitmire et al form an optocoupler and are joined or integrated with the diodes 150.

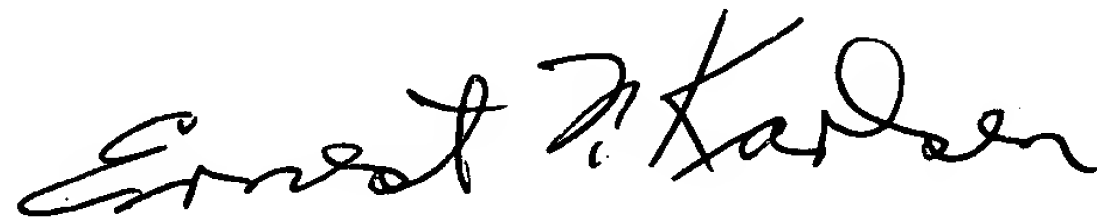

4. Claims 1-13 are allowed.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO

Art Unit: 2834

MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
